

A/R – ACCOUNTS RECEIVABLE

The **A/R – OPEN A/R** module also known as **SHORT TERM A/R** holds all of the amounts owed that are not **IN-HOUSE FINANCE**. All contracts-in-transit, one pays, pickup payments, etc are created and sent here upon closing any deal retail or wholesale.

This module may be used with or without the **GL ACCOUNTING SOFTWARE**. This module is the journal/register for account main asset GL acct 1150. Once an **A/R** invoice is cleared or paid the item is closed in **OPEN A/R** moved to **CLOSED A/R** and generates a **CASH RECIEPT** to be cleared to the bank account.

Clearing A/R may be password protected. Highlight and press enter on **CLEAR RECEIVABLE** while the invoice is on the screen. Batch clearing of invoices may also be done though **MORE OPTIONS, TAG RECEIVABLES TO CLEAR**.

To over-ride the balance and enter a portion as a payment on the invoice, key in the payment amount over the balance prompted and press enter all the way through the screen or press the page down key.

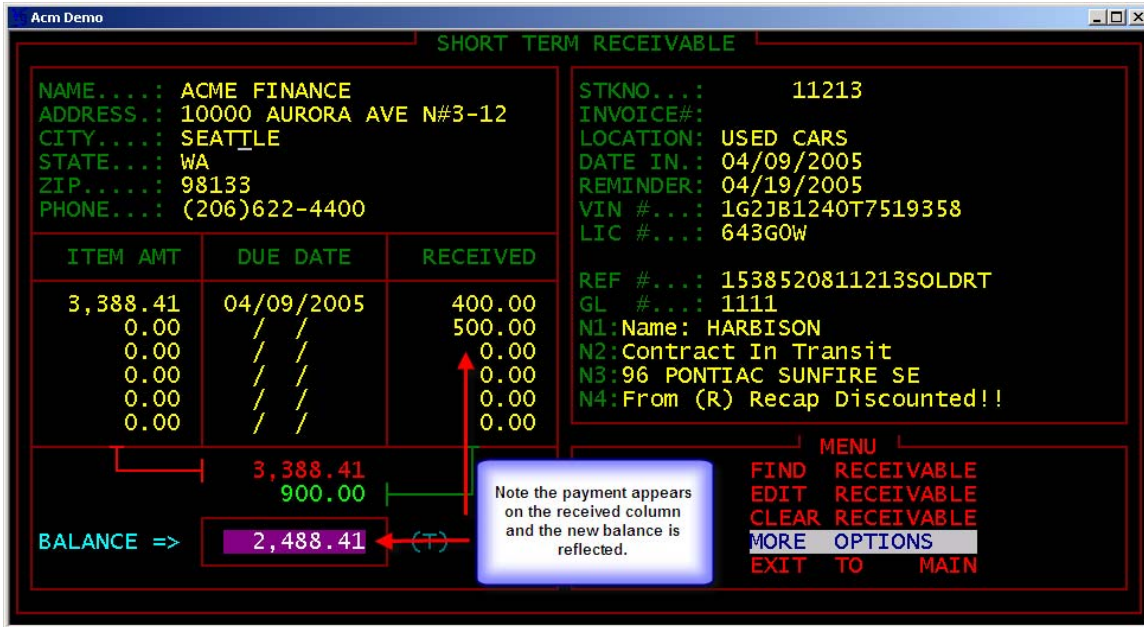

Highlight and press enter to select option to print receipt to a printer or **SKIP PRINTING** to continue without receipt. **ABORT AND SAVE** cancels transaction.

Next you will be asked to record check number, accounting or received date, and to post as cash, check or credit.

Note the screen changes after payment posting has been completed.

MORE OPTIONS holds the additional options available in A/R including Adding a new receivable.

ADD NEW SHORT TERM A/R allows for new entries to be made manually into the A/R module for the purpose of recording such things as licensing differences owed by the customer due to under collected estimates.

To **ADD NEW** highlight and press enter on selection.

The screenshot shows a terminal window titled "Acm Demo" with a form titled "SHORT TERM RECEIVABLE". The form is divided into several sections:

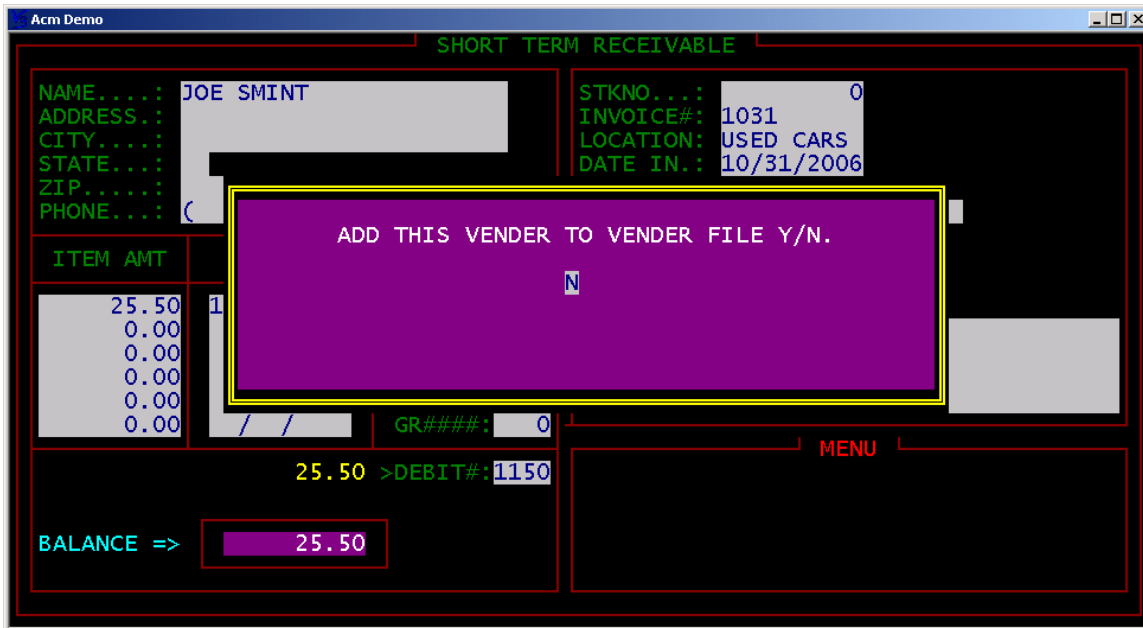

- Customer Information:** NAME: JOE SMINT, ADDRESS, CITY, STATE, ZIP, PHONE (partially filled).
- Vehicle Information:** STKNO: 0, INVOICE#: 1031, LOCATION: USED CARS, DATE IN.: 10/31/2006, REMINDER: / /, VIN #: 1031, LIC #: 1031.
- Table:** A table with columns ITEM AMT, DUE DATE, and GL CREDIT. The first row shows 0.00, 10/31/2006, and GL####: 2000. Subsequent rows show 0.00 and GL####: 0.
- Summary:** 0.00 >DEBIT#: 1150. BALANCE => 0.00.
- Menu:** A "MENU" button is visible at the bottom right.

Complete the fields as designated.

This screenshot shows the same "SHORT TERM RECEIVABLE" form, but with a confirmation dialog box overlaid in the center. The dialog box is purple and contains the text: "OK TO POST THIS A/R AMOUNT!! POST A/R (Y/N)" with a "Y" character entered. The form data has been updated:

- Table:** The first row now shows 25.50, 1, and GR####: 0.
- Summary:** 25.50 >DEBIT#: 1150. BALANCE => 25.50.

Once completed verify the entry by keying in "Y" for YES and press enter to finalize.

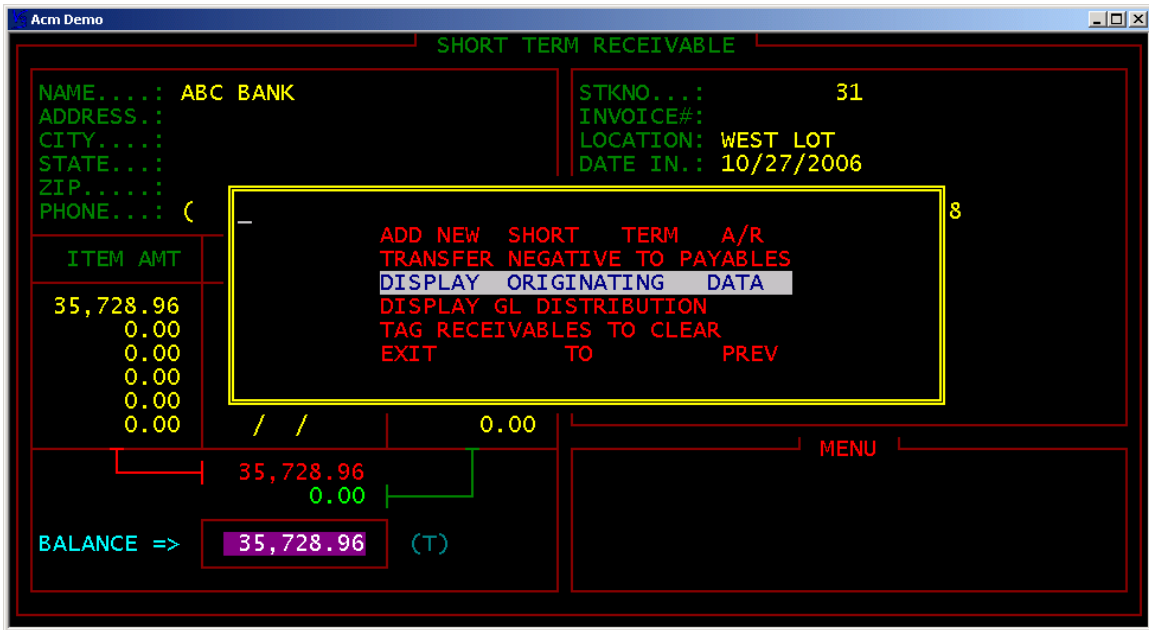

An option to “ADD THIS NAME TO VENDER FILE Y/N” will be given if the name on the invoice is not listed in the vender file.

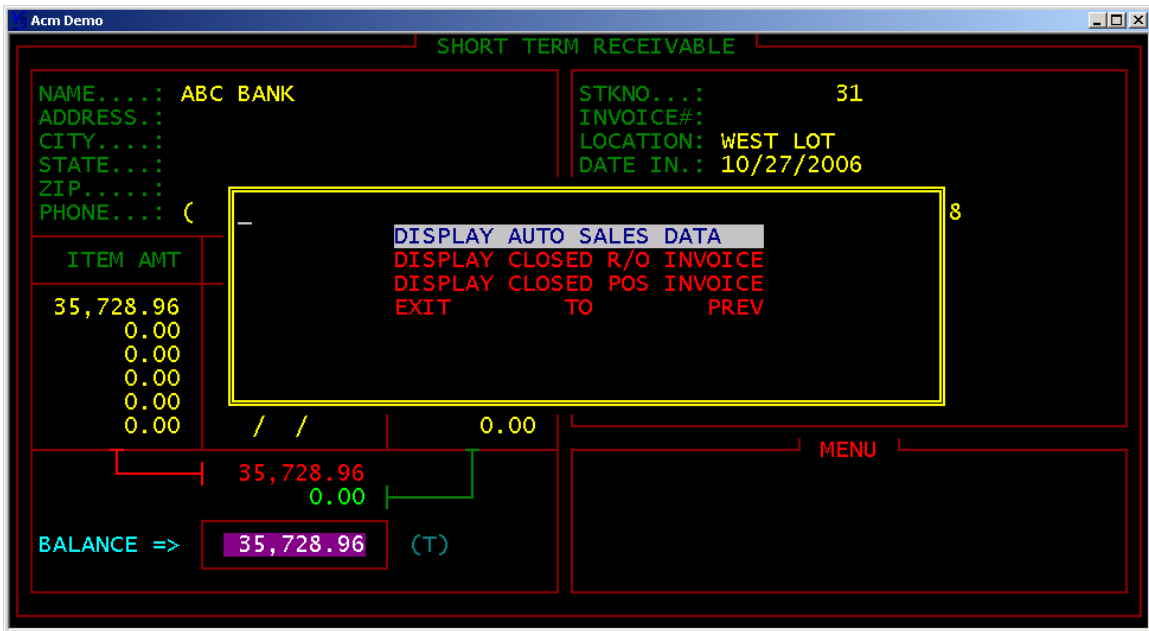

TRANFER NEGATIVE TO PAYABLES

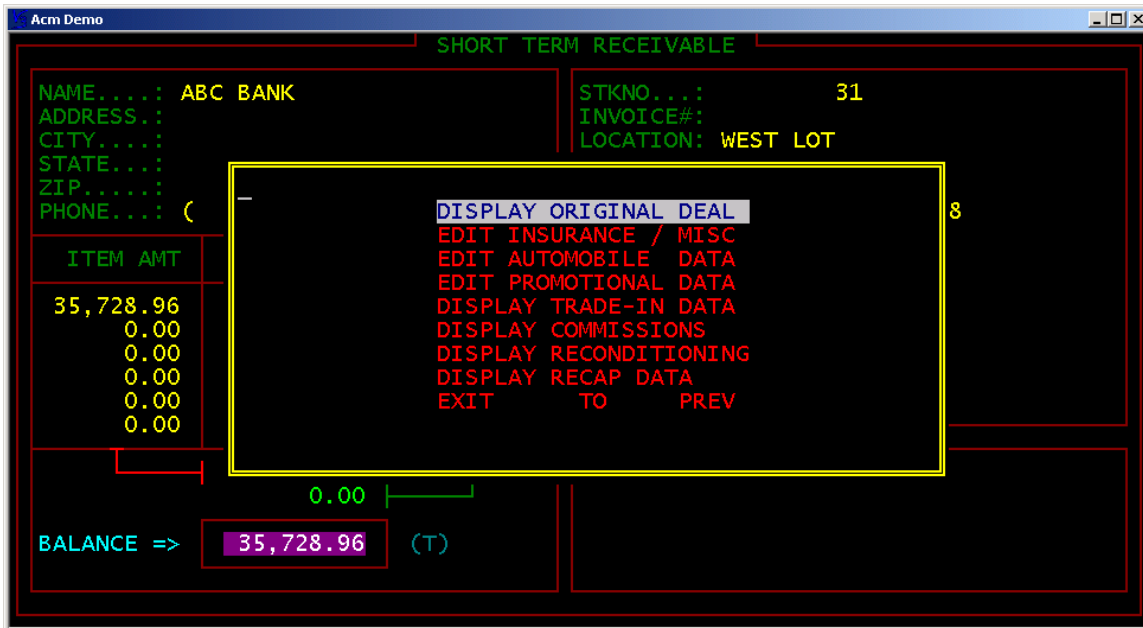

If the customer has overpaid or the deal was closed with a negative amount financed a credit balance will be posted to **A/R**. To send the balance to **A/P** to refund customer highlight and press enter on **TRANSFER NEGATIVE TO PAYABLES**. This feature clears the negative balance from **A/R** and creates invoice in **A/P**.

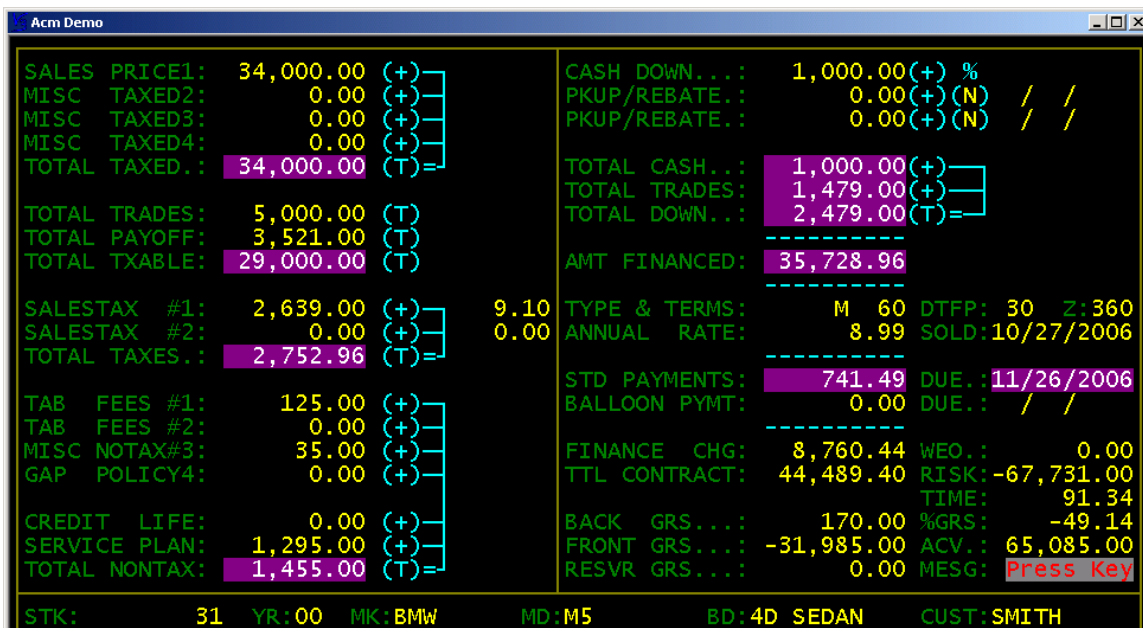

From the A/R module you may **DISPLAY ORIGINATING DATA** that created the invoice.

Displaying the sales data will allow the deal screen to be viewed.

Highlight and press enter to select the data screen to be viewed.

The original deal screen may be "viewed" only.
